HOW GEORGIA WINS THE FIGHT

The best way to understand what your gift does is to see it in action. This month, while we were on the scene at the Athens Area Humane Society's community-cat (TNVR) clinic, we sat down with their CEO, Cheryl McCormick. In our video above, Cheryl explains how accessible spay/neuter will turn the tide in Georgia.

A Family With Nowhere to Turn

A single mom, a stray momma dog, and nine puppies with nowhere to turn — your support put "fixed" within reach for all ten. [Read her story below...](#)

A Family With Nowhere to Turn

FACES BEHIND THE FIX

A single mom of three teenagers suddenly found herself caring for a momma dog and nine puppies. "We had nowhere to turn," she said — until she heard about Fix Georgia Pets, who connected her to our spay/neuter partner within her county.

***This never would have happened without you.
What you do, no one else does.***

Today, momma and all nine pups are spayed and neutered. Ten animals fixed in one household means ten changed futures and countless litters prevented. For a family that couldn't have managed it alone, your support put "fixed" within their reach.

AUGUST IS NATIONAL MAKE-A-WILL MONTH

Leave a Legacy for Georgia's Pets

If Georgia's animals are close to your heart, consider remembering *Fix Georgia Pets* in your will or estate plans. A gift of any size helps fund spay/neuter for the pets — and the families — of tomorrow. We'd be honored to be part of your legacy.

Thinking about it? [Learn more](#), or reply and we'll send the details your attorney would need.
